Required data for a tender for pressure devices

ABSOLUTE PRESSURE or GAUGE PRESSURE		
Quantity		
	☐ ABSOLUTE PRESSURE	☐ GAUGE PRESSURE
Calibration range* (bar)		
Process temperature* (°C)		
Ambient temperature* (°C)		
Nominal pipe size*		
Pressure nominal*		
Process connection*		
Membrane material		
Flange material		
Capillary line		
*Minimum details for an offer for an absolute or gauge pressure transmitter.		
DIFFERENTIAL PRESSURE		
Quantity		
	high pressure side**	low pressure side**
Altitude difference (mm)		
Differential Pressure (bar)		
Pressure range* (bar)		
Process temperature* (°C)		
Ambient temperature* (°C)		
Nominal pipe size*		
Pressure nominal*		
Process connection*		
Membrane material		
Flange material		
Capillary line		
**Minimum details for an offer for an differential pressure transmitter if high and low pressure side are not identical.		
PRESSURE TRANSMITTER		
Communication***		
Explosion-proof***		
Display***	☐ YES	☐ NO
MEDIUM		
☐ Sanitary version for pharma, food and biotechnology***		
ZERTIFIKATE***		
☐ Without	☐ Material certificate EN 10204 3.1	☐ Calibration certificate
COMMENTS		
*** Minimum specification		
Please send the form via mail to: office@delta.co.at If you have any questions, please don't hesitate to contact us.
